1 December 2008

Dear Friends of the Northern Rail Trail,

The Selectboard and the Town of Andover / Proctor Liaison Committee would like to express our appreciation of the Rail Trail system you have developed in Andover. The trail surface is suitable for many activities that benefit school programs and recreation by the community as a whole.

The Elementary/Middle School has established a "Walk/Bike to School Day" to promote use of the trail as a route to school, and sports teams from both schools use the trail for fitness training. On any given weekend in good weather, people can be seen bicycling, jogging, horse back riding and strolling along the trail.

The Selectboard and the Liaison Committee view the trail as a valuable recreational resource in our community and appreciate the many hours of fundraising, grant writing and coordination of volunteer and professional labor that have gone into the project.

Please accept this letter of gratitude for a successful project that benefits the entire community of Andover.
